OBJECTIVE

Motivated WordPress developer with hands-on experience in building responsive websites. Skilled in WordPress, Elementor, and front-end development. Eager to contribute and grow in a dynamic work environment.

PROJECTS

MighTech Solutions – Company Website <https://mightechsolutions.com>

WordPress Developer | WordPress, Elementor, CSS, JavaScript

- Built a responsive company website with a modern UI/UX.
- Integrated a booking system, service pages, and blog.
- Optimized for speed, SEO, and mobile responsiveness.
- Ensured security with SSL and regular maintenance.

BBS Apparel – E-Commerce Website [View](#)

Tools: WordPress, WooCommerce, Elementor, Photoshop, Canva

Developed a mobile-friendly e-commerce site for a mental health clothing brand.

- Designed product pages, promo banners, and branded visuals.
- Set up cart, wishlist, shipping rules, product variations, and secure checkout.
- Used Canva and Photoshop for marketing graphics and brand assets.

Engineering Department - Website <http://cece.rf.gd>

- Developed a site for updating department activities.
 - Created separate pages or dashboards for each engineering field.
 - Included enrollment forms for various engineering courses.
 - Developed a CMS-based system for seamless content management.
 - Optimized performance and improved accessibility compliance.
-
